Untangled
Christmas

Welcome to Heritage...

We welcome you to join us on our journey to follow Jesus. Here's a little info about our current series...'Untangled Christmas'...

Every year we celebrate the Christmas story—shepherds, angels, a manger, and the miracle of a baby born in Bethlehem. But somewhere along the way, we've often smoothed out the rough edges and tidied up the narrative. In Untangled Christmas, we'll take a fresh look at the incarnation, pulling apart the knots of tradition and misconception to rediscover the honest, hope-filled story beneath.

The truth is that the first Christmas wasn't picture-perfect. It was filled with moments of doubt, fear, confusion, waiting, and deep dependence on the sovereignty of God. Mary, Joseph, the shepherds, and even the nation of Israel were caught in a swirl of uncertainty—yet right in the middle of it all, God was faithfully at work.

As we untangle the true story behind Christ's arrival, we'll see how our own lives mirror that same mix of struggle and grace. And when we connect our story with the miracle of Immanuel—God with us, we discover a Christmas that brings real **hope, peace, joy, and love.**

This season, step beyond the polished version of Christmas and encounter the God who enters our mess, meets us in our questions, and brings light into every tangled place.

A Note re Year End Giving

A reminder that charitable gifts need to be made by December 31, 2025 in order to claim the donation tax credit on your 2025 tax return. December is historically an important month of giving for us, as it is again this year.
Thank you for your continued support.
